

SEVERSON OFFERS BILL TO REPEAL SECRECY CLAUSE

Introduction of Measure Brings
Forward Main Issues of
1923 Session

WOULD OPEN INCOME REPORTS
TO ANY INTERESTED PARTY

Similar Bill First Introduced
by Severson in 1919

MADISON, Wis.—By The Associated Press.—Repeal of the secrecy clause to the Wisconsin income tax law is proposed in a bill introduced into the senate Thursday by Senator Herman J. Severson, Iola, the original sponsor of this measure which has been the storm center of three legislative sessions.

With the introduction of Senator Severson's bill calling for repeal of the secrecy clause, the administration has brought forward one of the principal issues of the session. Its enactment has been demanded by the governor, and is to receive the support of the entire administration force.

Should the proposal be incorporated into law, all income tax returns would be open to inspection by any interested parties. Present restrictions would be removed in order that the income returns of corporations and individuals might be available for publication.

A bill calling for the secrecy clause repeal was first introduced into the legislature by Senator Severson February 5, 1919, before there had been agitation or talk on the subject. The corporations committee in a divided report recommended the bill for passage and it came to the floor of the senate. It passed on a vote of 17 to 16, was then reconsidered by a vote of 17 to 16 and sent back to the committee.

This time the committee recommended indefinite postponement for the proposal, but on a vote the measure passed the senate 17 to 16 after two calls of the house. It was in effect killed by the assembly when Mr. Severson's amendment was taken up. When the 1921 session got under way, Senator Severson again introduced his bill for repeal of the secrecy clause. After being referred to the corporations committee of the senate and recalled and referred and recalled it was sent to the joint committee on finance and came out with a divided report against the bill. At a vote on the floor, the measure was nullified by an amendment, adopted by the senate, and as amended was killed by the assembly.

Governor Blaine then called a special session of the legislature. In March 1922 to consider the proposal Senator Severson introduced the bill once more. Again after protracted debate, it was amended in such a way as to open income reports to officials only. In this form it was passed by the assembly and then vetoed by the governor.

For the fourth time Senator Severson is bringing his secrecy clause measure before upper house. It now is backed solidly by the administration, and has been through a political campaign in which it figures as one of the outstanding issues.

ANTI-BLAINE FORCES FAIL IN ATTEMPT TO OVERTURN COMMITTEE ASSIGNMENTS

MADISON, Wis.—The state senate came out from under a ten hour call of the house Wednesday night with the pro-Blaine forces still in control of all committees and the dyes holding a four to three edge in the state affairs committee, which has been the object of attack by the anti-Blaine forces.

The call, imposed Wednesday morning, moved Senator J. E. Zerk, Winona, Milwaukee, to reconsider the vote by which committee assignments were accepted by the senate, postponed in a long drawn out fight from which the administration emerged victorious.

The break came when the anti-Blaine forces refused to stand for an attempted move on the part of the anti-Blaine forces to overturn all of the committee assignments. A motion to raise the call, made by Senator Skogmo, was then successful, and adjournment was taken at 9 o'clock.

The move for an overturn of committee assignments started from the wet side of the house and spread among anti administration members, who were dissatisfied with their assignments. Once under way the fight became open and both sides refused to budge from their positions until an attempt to demand changes in all committees.

As a result of the line-up, it was shown that the governor has a very narrow margin in the senate that may be broken by defections during the session. Both Senator Staudenmayer and Senator Bilgria bolted the ranks in Wednesday's tie-up, and classed themselves as independents.

Whether \$2,000 borrowed from the Farmer's State bank of Viola by George Downer should be repaid by William Webb, a well known merchant of that place, a question to be tried at the next term of circuit court at Richland Center is a question the first chapter of which occupied most of the time of Court Commissioner Hunt yesterday. Mr. Webb was given an examination taking several hours, covering in minute detail the affairs of the Viola Hardware, the mercantile concern involved in the transaction.

The bank's claim, as presented by its attorney, Fred H. Hartwell and Lawrence J. Brady, is that Downer borrowed the money, representing and the bank believing, that he owned the business alone, and that the business proceeds from its sale should pay it. Mr. Webb, according to the testimony, later purchased Mr. Downer's interest and then resold to a third person without taking the steps necessitated by the bank's sale law.

Mr. Webb, represented by C. W. Genesee, Virgona, claims that although there was a joint partnership between he and Downer, and he was not to be known in the transaction because of his owning another hardware store in Viola, the loan was made to Downer personally to purchase Downer's half interest and Downer alone should pay it. The bank maintains Downer had no other property and if the payment is not made out of the proceeds of the store sale it cannot be repaid.

**ASKS PROTECTION
FOR CAR REPAIRERS**

MADISON, Wis.—A bill requiring railroads to construct car sheds, for the protection of car repairers, was introduced into the assembly Thursday by Assemblyman J. T. Oliver, Green Bay. This proposal has the endorsement of governor Blaine and the State Federation of Labor.

**Home-made, but Has No
Equal for Coughs**

Makes a family supply of really
dependable cough medicine.
By prepared, and saves about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and red raw throat, try this reliable old home-made cough remedy. Any drugstore can supply you with 2½ ounces of Pinex, pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

DR. HARRINGTON OF TUBERCULOSIS FAME TALKS TO NURSES

How to Nurse Tuberculosis
Cases Subject of Inspiring
Address at Grandview

Dr. T. T. Harrington of the Wisconsin Anti-Tuberculosis association gave a very inspiring talk on tuberculosis nursing, Wednesday evening, to the nurses of the city at Grandview hospital Nurses' home. Dr. Harrington began his talk by a general history of tuberculosis, showing the progress that has been made in the treatment of the great white plague and the lowering of the death rate.

He said that the characteristics of tuberculosis show a series of contradictions to the scientific world. It is a disease of civilization, due perhaps to too many comforts, too well heated living quarters, too little fresh air, too late hours and too much rich food. History shows that among the tribes where civilization has not entered, tuberculosis is not known.

There are three races especially susceptible to tuberculosis, the negroes, the Norwegians and the Irish. Scientists have no explanation of this, which may almost seem one of the contradictions of what history has proven. The Norwegians, for instance, are a people that have long loved the outdoors and the sun, which should make for building up resistance.

Dr. Harrington gave a very fitting tribute to Dr. Edward Trudeau, the founder of Saranac Lake Tuberculosis camp. It is through the efforts, the discouragements and the suffering of Dr. Trudeau, who was himself afflicted with tuberculosis, that we have the present treatment of tuberculosis. Dr. Harrington said, "Tuberculosis can never be cured by medicine. The cure consists of three things that almost

anyone can have: rest and more rest, good food and fresh air. But to take the cure in earnest the tuberculous man or woman must be in a sanatorium, which is primarily a school to teach the tuberculous patient the essentials of correct living, how to build up his resistance and finally how he may fit himself back into a useful life in the world at large."

Dr. Harrington concluded his talk with a plea for better education and training in tuberculosis nursing. The average graduate nurse fears tuberculosis and would not take a case of it if she could help it. But the danger of contracting tuberculosis, by the nurse, is far less than the danger of contracting pneumonia or typhoid fever when she is nursing the latter two. It is hoped that Wisconsin will work out some plan whereby training schools may have a two or three months affiliation with a tuberculosis sanatorium, so that the nurse in training may gain some idea of the nursing care of tuberculosis as well as the preventative side. While the death rate is being constantly lowered, yet through the splendid work of the State

had picked up while in overseas service, illustrating the wonderful persistence and courage of the Yanks while holding the line and suggesting that these same characteristics might well be applied in the treatment of tuberculosis.

In closing Dr. Harrington gave a very humorous little poem, which he

WOULD REVOKE THE LICENSE OF CARS DRIVEN RECKLESSLY

MADISON, Wis.—A bill seeking the revocation of the automobile license of any car that has been driven recklessly was introduced today by Rep. A. R. Blomberg, Price county, in the lower house of the Wisconsin legislature.

The bill proposes to add a new section to the statute providing that in addition to any penalty for violation of any provision of the statutes the judge before whom the case is tried may revoke the registration of the motor vehicle operated at the time of the operation. The revocation may not exceed one year and during this period of revocation the motor vehicle shall not be operated on any public highway of the state.

When You Catch Cold Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of brandy, turpentine, mustard plaster without the blister. Musterole is a clean white ointment made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bite—colds of all sorts. Seldom fails to deliver results. 3c and 65c jars and tubes; hospital size, \$3.00.

Better than a mustard plaster.

BAD BREATH

Dr. Edwards' Olive Tablets Get
at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

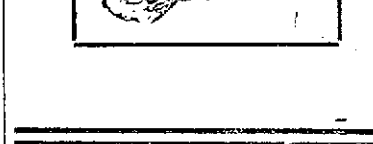

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

MAUD NEPRUD OTJEN RESIGNS PLACE ON BOARD OF CONTROL

Mrs. Elizabeth Kading of Watertown, Named to Succeed Former La Crosse Woman

MORRISSEY ALSO NAMED BY BLAINE TO STATE BOARD

Follows Harris Whose Term Will Expire in February

MADISON, Wis.—Mrs. Elizabeth Kading, Watertown, was nominated to be a member of the state board of control today by Gov. J. J. Blaine, who sent her name to the senate for confirmation. Mrs. Kading, at present a member of the state civil service commission, and a practicing attorney, will succeed Mrs. Maud Neprud Otjen, who has resigned.

Mrs. Otjen, formerly Miss Maud Neprud of La Crosse, was appointed to the state board of control by Governor Phillips, serving during his term, and was then reappointed in February 1921 by Governor Blaine for the term ending February 1, 1927. It is to fill the remainder of that term that Mrs. Kading is appointed. She will draw a salary of \$5,000 annually.

Under the statute creating the state board of control the governor is required to appoint one woman member of the board.

John D. Morrissey, state superintendent of public property, was also named to be a member of the state board of control by Governor Blaine. He will succeed George B. Harris, whose term expires the first Monday in February. His name was sent to the senate for confirmation.

Mrs. Morrissey has served two years as superintendent of public property, and is now devoted to higher paying position by the government. He and Mrs. Kading will take office during the first week in February. His term is for six years.

MRS. FISKE HAS NEW TYPE ROLE

A character creation that is of the greatest examples of acting yet done in our modern American theater, Mrs. Fiske, in "The Dice of the Gods," which opens at the La Crosse Theater Monday evening, January 22nd, for one night only. This drama, which is presented by H. H. Frazee, is the work of Lillian Barrett, and has been done by Patricia Baird, otherwise Paddy, an amazing mother, and her daughter Charlotte, are the central figures in Mrs. Fiske's new play. In the play, as well as in Charlotte's own mind, Paddy is obscure. Paddy is supreme. Charlotte adores Paddy, and with an unswerving devotion, but her affection is curiously baffled at every turn, because she cannot understand her own mother. The witty, brilliant woman is a total enigma to the young girl. In the lives of these two women is another character, John Henderson, "Paddy's" son, who has sacrificed his life and career for Paddy, and yet Paddy persists in her mad jealousy of Henderson's natural affection for Charlotte. At the opening of the play, Paddy has succeeded in utterly depleting the Baird fortunes by her mismanagement and reckless extravagance. Her solution for this dilemma lies in a wealthy marriage for Charlotte. But she is thwarted in this by Charlotte's own firmness of character. The ensuing struggle between Charlotte's Spartan resolve on one hand and Paddy's onslaught of teasing and tormenting her daughter into a union that will relieve the financial embarrassment, coupled with Paddy's unrelenting weakness, makes up the story of the play. Paddy's nimble wit that steps at nothing is vastly amusing. Her unexpectingness is a constant delight. She talks incessantly, irreverently, but is always irresistibly fascinating.

Public Debate

The La Crosse city board, having in mind the need of a good musical organization, to help build up a good community spirit, has called a public debate which it is going to ask every citizen to help financially as well as help by contributing to the fund. It is expected by everyone that a good band will be organized on the map and by the band organization with the cooperation of the citizens. A complete concert of music, which will be beneficial to our citizens as well as the citizens of the surrounding towns, will be established. Another point of view is the fact that a band is educational. It offers a wide range of instruction in both physical and mental. Time put in developing musical ability or gratifying a love of music is well invested. As a training school of all of the faculties there has no equal. The general culture of the community will be improved by having a band.

The executive board of the band is working on this plan and as soon as it is fully developed the same will be published.

FAREWELL PARTY GIVEN WEDNESDAY BY MRS. AUSTIN

MRS. DAVID Austin was a delightful hostess Wednesday at her home, 115 North Seventh street, when she entertained twenty-five guests at afternoon coffee. It was given as a little farewell to her close friends as she has disposed of her home and will go in a few weeks to Chicago to be with her daughter, Mrs. Hill. After the arrival of the guests it became known that the day was the anniversary of her marriage and soon a resplendent bouquet of pink roses in honor of the occasion. It is greatly regretted by Mrs. Austin's many friends that she has decided to make her home elsewhere.

MRS. ALICE GREEN of Chicago is visiting her sister, Mrs. John Krueger, 118 Avon street.

THE SEWING Circle No. 1 of the English Lutheran church will meet at the home of Mrs. L. D. Hoeller, 1504 La Crosse street, Friday afternoon. All members are urged to be in attendance.

THE JEFFERSON Home Makers' club will meet Friday evening at 7:30 in the kindergarten room at the Jefferson school. Mrs. E. E. Sedgwick will address the club on the children's clinic. Every member is requested to be present and bring a friend. Refreshments will be served at the close of the meeting.

MRS. WILLIAM BRIDDEL, 612 South Eighth street, entertained at a 6 o'clock dinner in honor of the sixth birthday anniversary of her little son, Francis. The children enjoyed a merry time. In the party were Mr. and Mrs. Henry Grosschuer, Mr. and Mrs. Charles Grosschuer, Mr. and Mrs. Edward Grosschuer, Mrs. Anna Briddel, Gladys Johnson, Gebra Anderson, Helen Harker, Elizabeth Grosschuer, Elizabeth and Louis Briddel.

INTRODUCE BILLS TO DO AWAY WITH NATIONAL GUARD

Measures Call for Repeal of Laws Creating Guard; Would Abolish Adjutant's Office

MADISON, Wis.—(By The Associated Press)—Abolition of the Wisconsin National Guard is asked in two bills introduced into the senate of the Wisconsin legislature by Senator J. J. Hirsch, socialist, Milwaukee, and into the assembly by Assemblyman John Polakowski, socialist, Milwaukee.

These two measures call for complete repeal of the section of the statute creating the state national guard. They would in effect abolish the adjutant general's department and do away with the guard. The state would be dependent upon federal troops should ever an emergency require the use of troops.

The socialists, introducing the bill, contend that the national guard has cost Wisconsin \$2,817,000 during the past nine years, exclusive of war-time expenditures. They say that during the past year \$575,000 was appropriated to the guard in the state while \$679,000 was expended in 1920-21, according to their figures.

Point is made of the fact that the republicans include a plank against militarism in their platform. This the socialists claim, makes it incumbent upon them to support a move to cut down expenses for military purposes in the state.

They asserted that out of the \$50,000,000 annually paid in taxes by the state to the federal government, \$10,000,000 goes to the support of the national military organization, and argue that since this is the case, the state should be able to depend upon this organization for police protection, should it be needed.

WOMAN LECTURER TALKS AT NORMAL SCHOOL WEDNESDAY

Mrs. D. Marie Reeves, a lecturer attached to the educational department of Columbia & Company, speaking under the auspices of the Wisconsin state board of health in the schools, talked at the Normal school Wednesday. Her address is on citizenship and is especially appealing to young Americans.

SEEK TO FIX IDENTITY OF WHITE CAPS

The witness in the town marshal of Bostrop, who was in charge of deputized citizens engaged to keep order in Bostrop on August 21, Smith Stevenson, who testified Tuesday, was one of the deputy marshals.

Higginbotham, a relative of William and Thomas Higginbotham, principal witnesses at Wednesday's proceedings, testified as to the whereabouts of Stevenson after the latter had been relieved from duty that afternoon.

Saw Nothing Unusual Stevenson testified Tuesday that after he was relieved from police duty he had walked around the streets of Bostrop, going into various stores and seeing "nothing unusual" other than a few men sitting up in one store in preparation to meet an armed invasion on the town by citizens of Mer Rouge.

The deputy marshal admitted, however, he was the owner of an automobile truck which he described was of a popular model and in good condition. He said he was not positive whether the truck was at his home on the night of August 21 but he believed it was. Later on during the examination he said that if the truck had been taken out and used that night it was without his consent or permission.

Prior to Stevenson taking the stand several witnesses testified as having seen a truck at Collinston with Daniel and Richard sitting on its floor blindfolded and apparently prisoners. These witnesses corroborated each other on the description of the truck.

Higginbotham Threatened Wednesday's testimony revolved around a threatening letter received through the mail by William Higginbotham, which Higginbotham believed was mailed him by Mer Rouge citizens. Asked why he suspected Mer Rouge citizens, he said that it had been reported to him some of them were making and selling whisky. He named Watt Daniel as having been reported to him in the role of a "hoofbeater."

Higginbotham described how Jim Higginbotham and Ned Grey had stood guard at his home to protect him that night while he went into the house and to bed.

PART OF DAY'S GRIST IN STATE LEGISLATIVE MILL

MADISON, Wis.—One day of rest in every seven is sought for working men and women in Wisconsin, by Assemblyman Alex. Ruffing, Milwaukee, in a resolution introduced in the Wisconsin legislature. The bill asks that every person, employed for pay in the state be given one day of rest out of seven. Exceptions are made for those engaged in creameries in the manufacture of butter, cheese and other dairy products, to watchmen, employees of canneries, those maintaining fires and to persons working where but one person is employed. It also, excepts any labor called for emergency work that could not be anticipated.

Exemptions under the inheritance tax law in widows, would be cut from \$25,000 to \$10,000 under provision of a bill introduced by Senator A. S. Garey, Janesville.

Senator Max Heck, Racine, introduced a bill providing for an open season the entire year for hook and line fishing was introduced in the lower house by Assemblyman Clinton C. Price, Mauston. An exception is made by the bill covering the catching of large and small mouthed black bass, sturgeon and trout.

All firms, corporations and others employing labor, with the exception of hospitals, sanitariums and others taking care of sick will be required to pay wages to employees twice monthly if a bill introduced by Assemblyman J. G. Grandine, Argonne, is passed.

MIDWESTERN STATES PLAN WAR AGAINST THE BARBERRY BUSH

WASHINGTON.—Conference on the agricultural appropriation bill have been informed by Harrison Fuller, secretary of the conference for the prevention of grain rust, that the legislatures of seven mid-western states are considering appropriations aggregating \$81,000 for eradication of barberry bushes to control black rust in wheat which causes millions of dollars of loss annually. Those appropriations are to be made annually for the next two years. Illinois is expected appropriate \$6,000, Michigan, Minnesota and South Dakota, \$10,000 each, North Dakota, \$25,000, Ohio, \$5,000, and Wisconsin, \$15,000.

The agricultural bill conferees will meet Saturday to consider among other changes the senate's appropriation increasing the federal appropriation from \$550,000 to \$500,000 for work in co-operation with the state colonies in barberry eradication. The senate's \$150,000 increase was made contingent upon the states appropriating a like amount.

REPORT DECREASE IN CHILD MORTALITY IN 14 WISCONSIN CITIES

MADISON.—A decrease in the infant mortality of Wisconsin cities is shown by figures for 1921 released by the state board of health. Thursday, in 14 cities of over 10,000 population the death rate for children under one year was lower than that in 1920.

These cities are Green Bay, Madison, Superior, Eau Claire, Fond du Lac, Kenosha, Manitowish, Wausau, Marinette, Milwaukee, West Allis, Stevens Point, Beloit and Janesville. The general decline in infant deaths is believed due to newer methods in child health work adopted by cities. Among the factors believed to have played an important part are child health centers, public health nurses, better local measures for control of milk supplies and increase in knowledge by mothers of the care and feeding of infants.

R. L. VAN NOCKER CITY ENGINEER OF OWATONNA, MINN.

R. L. Van Nocker, who graduated in 1911 from Highland Park college at Des Moines, Iowa, was recently appointed city engineer of Owatonna, Minn., to take effect February 1. He has just moved his family from Algona to Owatonna. Mr. Van Nocker is the son of Mrs. H. W. Palmer, 617 South Seventh street.

These cities are Green Bay, Madison, Superior, Eau Claire, Fond du Lac, Kenosha, Manitowish, Wausau, Marinette, Milwaukee, West Allis, Stevens Point, Beloit and Janesville. The general decline in infant deaths is believed due to newer methods in child health work adopted by cities. OFFER HOME RULE BILL

Amendment Thrown Out on Error May Again Be Submitted to People of State

MADISON, Wis.—Home rule for all Wisconsin cities is proposed in a resolution calling for amendment to the state constitution, introduced Thursday by Senator J. J. Hirsch, socialist, Milwaukee.

This proposed amendment to the basic law of the state has twice passed the legislature, but due to a technical error in recording at one session, must again be adopted before going to the people. If successful at the present session, the question will be submitted to the people at the general election in 1924.

At the present time a large part of the legislative business concerns local matters that under home rule would be passed on by local governing bodies.

BASKETBALL CLAIMS FIRST BADGER VICTIM

MARINETTE, Wis.—Basketball claimed its first victim of the year in Wisconsin Wednesday morning when Claude F. Voecker, 19, member of the Marinette High school five, died from a ruptured appendix incurred while playing against the Stephenson, Michigan, high school here last Thursday night.

When taken to the hospital immediately after the injury, Voecker was in a critical condition and an operation was performed, but without success. He was in a delirious condition up to a few hours before his death.

BILL ASKS LABOR MEMBER ON ALL SCHOOL BOARDS

CAR LOADED WITH ALCOHOL SEIZED IN LOCAL GARAGE

Thirty-five Gallons of Liquor and Fifteen Gallons of Moonshine are Uncovered

Police officials confiscated thirty-five gallons of alcohol in 5-gallon cans, a 15-gallon keg of moonshine whiskey and a Franklin sedan automobile stored in the garage owned by Hedges Stefferd, near the Burlington warehouse on Second street Wednesday night. Leo Anny, Stoddard, was questioned in connection with the affair.

Police were given a clue regarding the liquor hunt by Gene Herr, of the city scales, who drove through the alley shortly after 8 o'clock Wednesday night and discovered a figure in the dark struggling with a huge keg of what was at the time believed to be liquor of some description.

Durr reported to police headquarters that the man had become frightened and drove off hurriedly at the flash of Herr's headlights in the alley. Police immediately phoned a man in the alley and awaited the return of the stranger. Finally, the stranger, who was later found to be Leo Anny of Stoddard, appeared and his confession revealed that he had "smelled" the mint and was endeavoring to smuggle the keg of "moon."

Anny said he "got scared" when the car drove through the alley and when arrested, was in the act of going back to "get at least one drink of the stuff," according to his statement to the police.

When the police looked into the matter, they found that the keg had been rolled out of the Stefferd garage, prints on the floor showing where the keg had previously stood. Stefferd was called in by officers and the door to the garage opened. In the garage was a Franklin sedan, loaded with the seven 5-gallon cans of alcohol and a quantity of home brew. Anny was released to go home and was scheduled to appear again at Central station on Thursday.

Stefferd told the police that he had sold the car to a Mrs. Shannon, but still held a mortgage on it. The "whys" and "wherefores" of the liquor, police said, Stefferd could not explain. State records show that the car has been licensed to Stefferd and he also held the keys to the garage, police said.

Officials said Anny had the keg of moon covered up with a couple of blankets in the alley. He had intended to smuggle the liquor away in his automobile, he told the police. Police will enter a complaint against Stefferd.

MUSIC, MIMICRY AND NOVELTY AT RIVOLI THEATER

Ray Reid, whistler and mimic, proved to be an entertainer of real merit when he opened the Rivoli vaudeville bill Wednesday. His whistling is of a high musical quality and his imitations are clever.

Henry Griff, the Nut Bubble King, delighted the kiddies and amused the grown ups as well with his novelty act. He blows bubbles, all sizes and kinds of them, and keeps his audience joyful during his performance with a monologue of wit and caustic humor. He is assisted in his act by a comical baby doll. Mr. Griff will entertain at any institution where there are children during his stay here. He enjoys amusing the kiddies as much as they enjoy his act, and entertained thousands of them during his visit in America.

The Beatrice Morrell Sextet offer a musical act that is well above the ordinary. Three vocal soloists, violinists and a pianist are included in the company.

Gifford and Morton offer a singing, talking and dancing skill.

BLAINE TO ENTER SUPERIOR CAMPAIGN

MADISON, Wis.—Gov. J. J. Blaine intends to enter the eleventh Wisconsin senatorial district before February 3, in campaign for the nomination of Maurice Kemp, as the republican selection for state senator at the primary election. It was learned Thursday, he will oppose former Senator Ray J. Nye, who is seeking reelection.

GUY BEACH EATS BILL'S HAT ON MAJESTIC STAGE

"I'll eat your hat if 'The Storm' holds out for nine performances," said Guy Beach, company manager of the Beach-Jones Stock company and one of the stars in their production "The Storm," to William Priese, manager of the Majestic theater, Wednesday night between acts of the "Love Route," now being played by the company. He was forced to make good on his wager and ate the hat on the stage in full view of the audience.

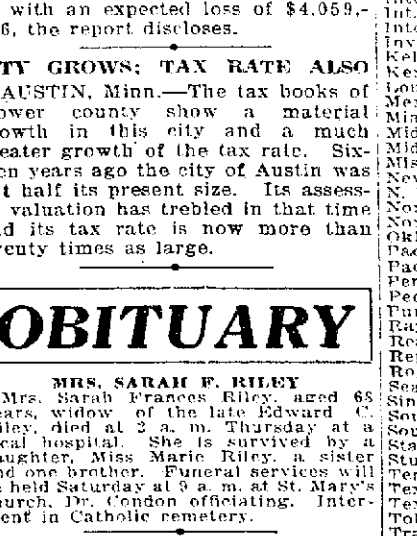

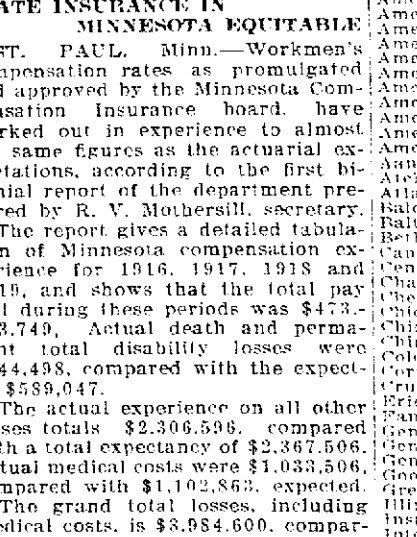

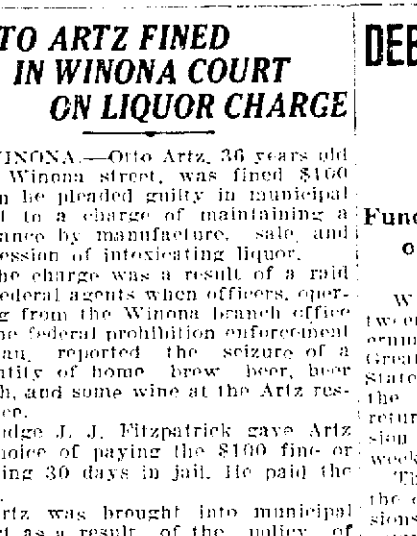

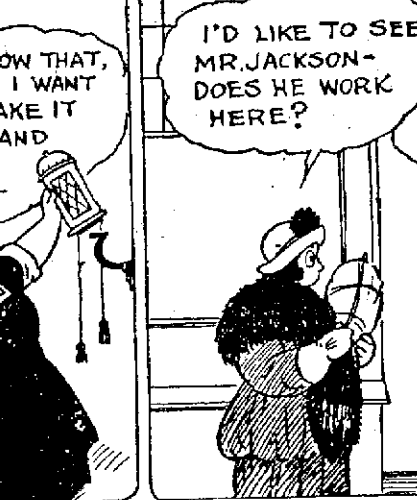

"The Storm" not only held out for nine performances, but was played to crowded houses ten times. It was estimated by Manager Priese that more than 12,000 people saw "The Storm" at the ten performances. This record run is far in excess of any run made by any other stage performance in the city of La Crosse at any time.

P. S. The hat eaten Wednesday night Mr. Beach was not genuine straw but a candy affair made specially for the occasion, and presented to Mr. Beach unexpectedly.

TEAPOT DOME OIL DISPUTE BARRED FROM SENATE QUIZ

Committee Has Decided Not to go Into Controversy Announces Brookhart

WASHINGTON.—An attempt by Harry E. Sinclair, chairman of the board of Consolidated Oil corporation in testifying Thursday at the senate oil investigation, to go into the broad features of the Teapot Dome controversy was cut short by announcement by Senator Brookhart, republican, Iowa, a committee member that the committee had decided not to go into that subject.

The announcement by Senator Brookhart, made with the consent of Chairman La Follette, who has been one of the leading critics of the administration's action in granting a lease to Sinclair interests to develop the Teapot Dome naval oil reserve, came when Mr. Sinclair endeavored to present the obligations assumed by him under the lease.

CHARGES FLY THICK AT EQUITY SESSION

FARGO, N. D.—For seven hours Tuesday stockholders of the Equity Co-operative exchange of St. Paul and Fargo, holding their annual meeting, witnessed a battle royal between contending forces within the directorate of the organization for the fixing of the exchange's policy for the condition of the directors today.

The directors told the stockholders that there was a capital impairment of approximately three-quarters of a million dollars.

During the contest between the factions, John M. Anderson, president of the exchange since it was organized, led the fight on G. A. Theil, secretary, while Thomas V. Sullivan, as Anderson's attorney, insisted that the stockholders should call for the resignations of the entire directorate and make a clean sweep at the headquarters if the organization was to succeed.

TEXAS SENATE APPROVES PARKER'S FIGHT ON KLAN

OTTO ARTZ FINED IN WINONA COURT ON LIQUOR CHARGE

WINONA.—Otto Artz, 36 years old 110 Winona street, was fined \$100 when he pleaded guilty in municipal court to charge of maintaining a nuisance by manufacture, sale and possession of intoxicating liquor.

The charge was a result of a raid by federal agents when officers, operating from the Winona branch office of the federal prohibition enforcement bureau, reported the seizure of a quantity of home brew, beer, beer mash, and some wine at the Artz residence.

Judge J. J. Fitzpatrick gave Artz a choice of paying the \$100 fine or serving 30 days in jail. He paid the fine.

PRESENCE OF RUM FLEET CONFIRMED BY PRESS WRITERS

HIGHLANDS, N. Y.—By the Associated Press.—The rum fleet, whose presence off the Jersey coast has been confirmed from sea by a party of New York reporters who journeyed out to the maritime market place in a tug, Thursday had increased in numbers.

As the weather grew less thick, observers ashore caught sight of nineteen vessels bobbing around southeast of Ambrose light ship. The fleet comprised two tank steamers, one steam yacht, two small steamers, one three-masted schooner, 12 two-masted schooners and a yawl.

STATE INSURANCE IN MINNESOTA EQUITABLE

ST. PAUL, Minn.—Workmen's compensation rates as promulgated and approved by the Minnesota Compensation Insurance board, have worked out in experience to almost the same figures as the actuarial expectations, according to the first biennial report of the department prepared by R. V. Mothersill, secretary.

The report gives a detailed tabulation of Minnesota compensation experience for 1916, 1917, 1918 and 1919, and shows that the total pay roll during these periods was \$473,583,749. Actual death and permanent disability losses were \$644,498, compared with the expected \$589,047.

The actual experience on all other losses totals \$2,306,598, compared with a total expectancy of \$2,367,506. Actual medical costs were \$1,033,506, compared with \$1,102,862, expected.

The grand total losses, including medical costs, is \$3,984,600, compared with an expected loss of \$4,059,416, the report discloses.

CITY GROWS: TAX RATE ALSO

AUSTIN, Minn.—The tax books of Mower county show a material growth in this city and a much greater growth of the tax rate. Sixteen years ago the city of Austin was but half its present size. Its assessed valuation has trebled in that time and its tax rate is now more than twenty times as large.

DEBT COMMISSION SAILS FOR HOME END OF THE WEEK

Fund Negotiations to be Carried on by British Embassy in Washington

WASHINGTON.—Negotiations between the American and British governments looking to the refunding of Great Britain's war debt to the United States will be carried forward through the British embassy here after the return of the British debt commission to London at the end of the week.

This announcement was made at the conclusion today of the joint sessions of the British and American commissions which have been in progress here for ten days.

An official spokesman for the American group declared there was nothing that should stand in the way of a complete understanding between the two governments and that there was reason to hope that an agreement in principle could be reached in time for submission to congress at the present session.

BULLSEYES of BASEBALL

GREATEST SERIES PITCHING I EVER SAW

HAVE seen any number of great pitchers in the past few years. Only a few of the pitchers were called. In most cases the batsman took a healthy swing and missed by a wide margin.

Some of the luster of the performance was taken away by the fact that Eller used a trick delivery. He so roughened the ball by the use of emery paper, said to be concealed under his shirt.

Wood, who appeared to be weakening, put every ounce of his remaining strength on each ball pitched and furnished a nerve-racking finish to a thrilling game by striking out Fletcher and Randall.

It was a remarkable exhibition of pitching. Wood had been forced to an at top speed throughout the game, as shown by the fact that 11 of the Giants went out on strikes.

However, in my opinion, to Hod Eller, then with the Cincinnati club, goes the honors for the most remarkable feat of pitching I have ever seen in a world series game.

Eller's memorable feat came in the fifth game of the 1915 series between Chicago and Cincinnati.

In the second inning of that game, which Cincinnati won by the score of 5 to 0, Eller retired Gandil, Rubeberg and Schalk in succession over the strikeout route.

In the third inning he repeated the performance of the previous session by getting Williams, Leibold and Eddie Collins in order.

The spell was broken when the seventh man to face him grounded out to the infield. Eller had performed the extraordinary feat of pitching six of the hard-hitting White Sox in succession on strikes. Only a few of the pitchers were called. In most cases the batsman took a healthy swing and missed by a wide margin.

SPARTA TIGER FIVE DEFEATS CITY FUEL COMPANY QUINTET

Visitors Keep Local Aggregation
Well Covered: Score is
15 to 10

The City Fuel Co. Junior Cagers were defeated Wednesday evening, at the Y. M. C. A. by the Sparta Tiger Five. The final score was 15 to 10.

The game was close at all times as the score indicates. The close guarding by the Sparta lads was a feature of the game and kept the City's from scoring more than three field goals. Unnecessary fumbling of the ball was also a handicap, and slowed up the game. Numerous fouls were called on both sides.

The line-up follows:

SPORT BRIEFS

NEW YORK.—The St. Nicholas Hockey club defeated the Canadian Hockey club, 2 to 0, in a United States Amateur Hockey league game.

SEATTLE, Wash.—Vancouver defeated Seattle, 2 to 1, in a Pacific Coast Hockey association game.

PRINCETON, N. J.—The Princeton hockey team won its fifth straight victory by defeating the Columbia team, 11 to 0.

CHICAGO, Ill.—James E. York, southern pitcher of the Chicago Nationals, who was declared ineligible because he failed to sign a 1922 contract, was reinstated by K. M. Landis, baseball commissioner.

DETROIT, Mich.—Home Engel of Dubuque collapsed in his match with Johnny Meyers of Chicago, for the middleweight championship, after they had wrestled three hours and twenty minutes, and the match was declared a draw.

CHICAGO, Ill.—Not trusting the weather man, members of the Norse Ski club, facing the international championship ski meet at Cary, Ill., next Sunday, had gathered and piled tons of snow on the slides. The slide was reported in good condition, but the snow was collected to meet a possible emergency as the weather man has been turning loose moderate weather the last week.

LAKE EINGERPRINTS
OF FOLLIES GIRLS
NEW YORK.—The girls of the Follies are going to be fingerprinted for their own protection.

THE IDEA belongs to Florence Ziegfeld, 35, and he is the man who has issued the command. Every girl, from stars to chorus, must press her pink thumb upon the recording medium, and when the girls do she will be able to prove to her grandchildren what a lovely doll she was in the long ago.

But that is not the main thing. "What I want to do," said Mr. Ziegfeld, "is to stop the flood of newspaper stories about 'Follies girls in wild escapades' etc."

So he is going to issue identities, not cards, and only to the Follies girls but to all members, men and women alike, of all companies under Ziegfeld control.

PILE UP SNOW AT CHICAGO SKI SLIDE TO MEET EMERGENCY

der his shirt, that he was able to make the ball take all kinds of peculiar twists.

At that time trick pitching was permitted, so there really should be no fault attached to the performance. The following year, trick pitching was banned. Eller, who depended on that style entirely, drifted to the minors.

CASE OF YAWS, ONLY ONE IN ST. LOUIS, MO.—

A case of yaws, said to be the only one in the United States, has been discovered and isolated here, it is announced. The sufferer is a negro and its source has not been determined. Medical literature records only about fifteen cases in the history of this country, it was explained. The disease is said to be prevalent in India, but the highest sufferer said it has never been out of the United States.

BASKET BALL QUIZ

Who is responsible for the conduct of the operations of a basketball game?

As in all other sports, the home team is held responsible for the conduct of the operations.

Blocking
Can blocking take place if there is no personal contact?

Yes, but there are certain limitations that are enforced by the referee. A player should not be permitted to dance in front of the player he is guarding in order to obstruct his progress.

Contact
Has a defensive player the right to place his hand on the player he is guarding as to be in a position to more quickly check the play of his opponent?

The defensive player has no such right. It is a foul.

MARY MAKING NEW FRIENDS WITH "TESS OF STORM COUNTRY"

Current Attraction at Riviera
Another Screen Triumph
for Pickford

Mary Pickford—Our Mary—has been making new friends and cementing old ones since the first time she appeared on the screen. The new friends she has made are the thousands of people who have seen her in the role of Tess, the girl who has been called the "Storm Country" girl. The old friends are the thousands of people who have seen her in the role of Mary, the girl who has been called the "Storm Country" girl.

It is the same Mary and the same name and the same face, but that is all the resemblance there is between the present and past "Tess" pictures. The new picture is a real, honest-to-goodness story, a story that responds to every whim of the eye and a plot that is always new and this picture is one of Mary Pickford's screen triumphs.

Mary's work here is just as admirable as ever. She is the same lovely, pure, fair Mary who in the past has topped every fight and every race to screen triumph. "Tess of the Storm Country" is a great play on the heart strings.

The picture is a story of a girl who is born in a poor family and who is loved by a rich man. The girl is born in a poor family and who is loved by a rich man. The girl is born in a poor family and who is loved by a rich man.

A delightful personal setting has been arranged for "Tess of the Storm Country" at the Riviera. The picture is a story of a girl who is born in a poor family and who is loved by a rich man.

NEW SCHOLARS IN RELIGIOUS SCHOOL ENROLL THIS WEEK

The community training school of religious education which started out so very well on Monday, Jan. 8th, had another big increase on this week. Thirty-two new scholars were enrolled this week. The total enrollment of the school has now reached 200. This assures the committee that the enrollment will now go over the 100 mark, which is a remarkable thing.

Gathered in this school are folks from 16 different churches of this city. Some have taught in the Sunday school for over 10 years, and yet they are still willing to learn how to do their work better. So they have enrolled in this school. Others are in their teens. They are going to high school and to Normal, and they desire to learn in the Religious school of the Church. So they have enrolled in this school.

There are eight more Monday nights left in this term's work. The school begins promptly at 7:30 and closes at 9:00. The dean was very successful on Monday night in adhering to the time schedule. The school is open to all who want this training. Monday evenings at the Y. M. C. A.

THREE ON BETTER HONOR ROLL. RICHWOOD, Wis. Three Barren county creameries, one at Brill, near Richwood, the Dallas creamery and the William Nichols creamery at Turtle Lake, have been placed on the December honor roll of the Wisconsin Dairy school. The dairy school encourages creameries in the state to submit samples of their quality butter for monthly scoring. Better makers have found this method of great value, as it gives them an unbiased scoring.

"SKIN DEEP"

If you like good old-fashioned melodrama that is packed with thrills presented in a high class manner without resorting to cheap sensationalism, you certainly will want to see Thomas H. Ince's "Skin Deep," which opened for a four days' run at the Rivoli theatre last night.

This startling picture had ninety per cent of the audience at the Rivoli sitting on the edge of their seats throughout the full time the picture was running. The other ten per cent were leaning back in their seats catching their breath. That's the kind of a picture "Skin Deep" is.

The story of "Skin Deep" hinges upon the complete change in identity of one of the ringleaders of the gang who is frightfully injured in a fall from an airplane while making his escape from prison. That prison escape, by the way, involving a leap from the prison wall to the top of a speeding passenger train is wonderful, spectacular.

ASKS ELIMINATION OF DEATH BENEFIT FROM PENSION ACT

MADISON, Wis.—Senator W. A. Titus, Paul du Lac, introduced a bill into the senate Thursday evening of which would remove death benefits from the pension act, and would provide for the elimination of the pension system without insurance provisions.

This bill is aimed at benefits such as have recently been allowed under the law to the estates of seven former teachers. These benefits amounted to over \$100,000 when less than \$1,000 had been paid into the fund by teachers.

Under provisions of the Titus bill estates of deceased teachers would receive only the amount paid into the fund plus interest.

WELL KNOWN JURIST DEAD AT KENOSHA

KENOSHA, Wis.—Judge Jos. Russell Clarkson, aged 67 years and long prominent in the nation as a lawyer, judge and religious teacher, died at his home here Wednesday night following a short illness from intestinal trouble.

Judge Clarkson was formerly judge of the district court at Oshkosh, Neb. He was most widely known as a religious teacher and he had been a member of the board of trusteeship of the First Church of Christ, Scientist, at Kenosha. He left the Christian Science church in 1905 on account of a difference with the leaders of the church, and since that time he had given much time to religious writing and teaching. In more recent years he served as divorce counsel and assistant district attorney of Kenosha county. He is survived by his widow, Mrs. Clarkson, and two children.

HORSES SAVE PART OF BUILDING FROM BURNING IN FIRE

By dragging the wooden addition of the farm residence of N. B. Carhart, about one mile east of Marshland, from the original structure, which is of brick, farmers and neighbors turned what probably would have been a \$6,000 fire into a loss of from \$2,500 to \$3,000.

The feat was accomplished by means of a number of teams of horses, which were hitched along the side of the burning structure. Although the addition was fastened to the brick building, the horses were able to separate them, thereby saving the main building.

The loss was covered by insurance in the Trempealeau County Farmers Mutual Fire Insurance company, of which Mr. Carhart is president.

Mrs. Carhart said the fire started somewhere in a side room on the first floor in which is built a farm lighting plant. The plant was in operation when the fire was noticed first by Mrs. H. Emerson, Mr. Carhart's housekeeper. She immediately notified the telephone operator at Center ville who in turn sent a general call to all the neighboring farmers. The wooden part of the structure and all its contents were entirely destroyed. The other farm buildings were at a safe distance from the residence and were not endangered. A south wind aided the fire fighters.

BABCOCK POINTS OUT ECONOMY OF GOPHER HIGHWAY BOND ISSUE

Declares Issue Will Lighten Burden of Public Expense

ST. PAUL.—The first issues of highway bonds under Good Roads Amendment No. 1, which will be recommended to the Legislature, will lighten rather than increase the burden of public expense, will extend to each year its fair share of the cost of permanent highway improvements and will give present taxpayers a larger share of benefits for the funds they are providing.

This is the gist of a statement made by Charles M. Babcock, state highway commissioner, setting forth the business principles on which the request for bond authorization will be based.

"Highway improvements projected now are public necessities which must be built within a few years," Mr. Babcock said. "They can be constructed economically now with the bond money, or they will come a little later perhaps with higher taxes and construction costs. But they must be built and soon."

"The proposed bonds together with the interest on them are to be financed wholly with trunk highway funds—motor vehicle taxes and with an added dollar to each tax. The plan simply anticipates the collection of the revenues and applies them on the roads with greater fairness to the taxpayer of today."

No Tax Increase Asked

"The highway department is not advocating any increase in the present \$18 average tax on automobiles, but just gasoline tax. The automobile tax revenues at the \$18 average rate will produce amounts ample to cover both the principal and interest on bond, and leave annual balances adequate for established maintenance requirements and construction of needed betterments from year to year."

NOTED FAU CLAIRE PHYSICIAN IS DEAD

FAU CLAIRE, Wis.—Dr. John R. Mathieson, one of the most noted physicians and surgeons in the north-west, died at his home here this forenoon of double pneumonia after an illness of five days. He was 59 years old.

Dr. Mathieson was associated here with Dr. Christian Mathieson under the name of Mathieson & Mathieson. Recognized as one of the best surgeons in the north-west patients came here from long distances to see him. He had practiced in Eau Claire since 1900. He began the practice of medicine in Norway in 1898.

Two years later he came to the United States and had remained here ever since except for three years spent in study in Europe.

Surviving are his widow, a son and two daughters.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating food which creates acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lazy. When your kidneys get sluggish and slow you must help them. Take salts and they will help them. Take salts and they will help them. Take salts and they will help them.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Lad Salts, take a table spoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys.

Lad Salts is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. Be all means have your physician examine your kidneys at least twice a year.

BE THRIFTY

Hoover Sees Country Progress by Thrift Week Idea.

By HERBERT HOOVER
U. S. Secretary of Commerce, who, as U. S. Food Administrator during the war, saved millions of Europeans from starvation.

WASHINGTON.—The whole progress of our country depends upon the individual savings of our people. For when all is said and done the improvements on our homes, our farms, our goods, our roads, railways, factories, etc., are the net savings that one generation hands on to the next, and our progress is marked by what we have saved during our generation.

However vital as this fact may be, to me, thrift has a more intimate personal value. Saving is the only road to personal independence. I had a guaranteed income, independent of anybody, for a couple of months when I had saved \$150. I was independent for a year when I had saved \$1500. I had the courage to take the risks in trying for a better job the minute I could see a year ahead.

MITZI WILL BE SEASON'S TREAT

The only Mitzi in her latest musical comedy—"Lucky Bill"—which opens at the La Crosse theatre Jan. 29, will be the theatrical treat of the season. "Lucky Bill" is a standard Harry W. Savage musical comedy with a metropolitan company, chorus of singing orobids, a special opera orchestra and the original Faber theatre New York scenic production.

Mitzi is singing many new songs in "Lucky Bill." These are called "The Legend," "Goodbye," "If" and "Historic Russia."

The story starts in a romantic castle in Romania where Mitzi dresses in overalls as the cadaverous boy falls in love with an American engineer. She is a poor, but pretty country girl and when the engineer is forced to try her luck in America. With her father, Robinson, she comes to this country, where, in the second act, she is discovered as a "they" soprano in Greenwich village.

WORLD PROTECT CHILDREN.—ST. PAUL, Minn.—A bill said to be even more drastic than the North Dakota law for the protection of illegitimate children was introduced in the house today by the four women members, Mrs. H. R. Kempler, Mrs. Mabel Hurd Baker, Mrs. S. M. Dickie Hough and Miss Myrtle Galt.

The bill provides not only that the father must support the child, but that he must give it his name, if the mother so elects, and that it may share in any inheritance that the father may leave.

CAMPION COLLEGE BOYS SCORE A BIG HIT IN PLAY HERE

"The Old Homestead" and Fine Orchestra Enjoyed by Large Audience

A good sized and appreciative audience was present at the La Crosse theatre last night to greet the Campion College Musicians in their presentation of "The Old Homestead," a melodrama in four acts. The play was unique in that all the characters were boys. It was staged with scenery and costumes which would do justice to any professional company and the acting was perfect. The first, second and fourth acts were set in Joshua Whitecomb's farm. The third act was decidedly novel. There was no setting for it other than a curtain representing a street, but this act contained much of the comedy and most of the pathos of the play.

Mathias Weener carried off the honors of the evening in his interpretation of the role of Josh Whitecomb. John Gibney, in the part of Ebenezer Canby, was responsible for a good share of the comedy in the play. Jas. Ready and Alois Wurst, cast as Seth Perkins and Cy Prime, kept the

audience in an uproar with their continual wrangling. A feature which contributed much to the success of the play was the splendid music of a noticeably well trained orchestra. Numbers given by this orchestra between acts received stormy applause. Eighteen of the students of Campion college, Prairie du Chien, took part in the play.

OPPOSE LOAN SHARK BILL.—ST. PAUL, Minn.—Opposition to the bill now pending before the Minnesota legislature which would legislate loan sharks out of business and put the small loan industry in the hands of legitimate capital sprang up with considerable force at a meeting of the house committee on public welfare and social legislation.

The bill previously had been reported out by the committee with a recommendation that it pass, but opponents were granted their request that the bill be returned to the committee for further debate.

DOCTOR UNDER FIRE.—OSHKOSH, Wis.—Dr. Franz Goerss, who recently located in Oshkosh, pleaded not guilty in municipal court to the charge of unlawfully advertising to treat and cure certain social diseases. His trial was set for January 23. Complaint was made by Dr. B. J. Campbell, secretary of the Oshkosh Medical club.

Johnston's Cookies & Crackers

"No! No! No! My Mama won't take nothin' but White Rose Cookies"

THEY can't pass off any substitutes on this little girl. She's tasted White Rose cookies (chocolate-robed). She knows what a treat it is to bite through the smooth, rich chocolate coating into the fluffy filling of creamy marshmallow, heaped high on a dainty vanilla wafer. Pure and healthful, like all Johnston products, the White Rose is an appetizing between-meal bite, a delightful dessert cookie. It's always a favorite—served with afternoon tea, ice cream, custard or fruit sauce. Ask your grocer for a pound today.

Smith Candy Co., Distributors, La Crosse, Wis.

White Rose

This White Rose (chocolate robed) cookie is indeed a tempting morsel, an appetizing vanilla wafer and an inch-high peak of marvellous marshmallow cream, topped with a nugget of the same true chocolate that enrobes the whole Johnston cookie. Look for the name "Johnston's" impressed in the chocolate on the bottom. It's our guarantee that the coating is really true chocolate.
